Johner Estate Syrah 2006

Clear cassis and cherry flavours with cracked pepper and soft blueberries. Full bodied, savoury tannins and long finish.

#### Viticulture Notes

Alluvial, free draining gravel. Very low yields, high density planting in a cool climate with low rainfall and intense, hands-on management.

TiZwine Accolades

An excellent wine - the smokey, white pepper nose gives way to sweet and juicy fruit flavours with plums and berries to the forefront. The oak is well integrated resulting in a balanced, well-made wine that is especially good with food.
